The mission of the Drug Enforcement Administration, Office of Diversion Control, is to prevent, detect, and investigate the diversion of pharmaceutical controlled substances and listed chemicals from legitimate sources while ensuring an adequate and uninterrupted supply for legitimate medical, commercial, and scientific needs.

**NOTE:** The pictures in this brochure are actual size (except where noted). Every effort has been made to reproduce these pictures accurately. Variations in color may exist because of photographic processing and printing processes. POSITIVE IDENTIFICATION OF ANY DRUG REQUIRES ANALYSIS BY AN AUTHORIZED LABORATORY. The scheduling status of the drugs is pursuant to the federal Controlled Substances Act and may vary in other jurisdictions.
